This is in response to the letter of the FEC dated April 13, 2004 concerning a contribution that appears "to be from a committee established by the candidate for a non-federal office" as listed on Schedule D of our 12-Day Pre-General Report (10/01/03 - 1/28/04).

The item in question is the outstanding debt of \$5,000 due to Congressman Chandler's former gubernatorial campaign committee (Chandler for Governor) for the lease of equipment. This debt has been listed as an outstanding obligation on each FEC report which this federal committee has filed since 2003 and payment has now been tendered.

A check in the amount of \$5,000 has been tendered by this committee to "Chandler for Governor" to eliminate this outstanding obligation and the same will be reflected in our next FEC report. A copy of this check is being mailed this day to the FEC for its record (Republic Bank, check number 2109).

Thank you.

Mark Nickolas, Treasurer (Chandler for Congress)
